

WEB PACKAGE OPTIONS

ALL PACKAGES

Our packages include creating a design for your website, simple navigation, and inserting your content (text and graphics) into the pages.

All of our packages include converting your images to the correct digital format and creating thumbnails (small linkable images), if needed. Converting documents and images to simple PDF format, if needed, is also included.

For packages that include video and audio, no clean-up of files will be performed.

BRONZE

Our Bronze Package is our most economical. It's great for a simple information site. The Bronze package includes:

- Two pages
- One graphic

SILVER

Our Silver Package is a great choice when you need to organize a bit more information. The Silver package includes:

- Five pages
- Five graphics
- One e-mail form

You save 17% over the individual component price of the Bronze package.

GOLD

Our Gold Package is for those who need more space and a few add-ins. The Gold package includes:

- Ten pages
- Ten graphics
- One e-mail form
- One audio or video file

You save 28% over the individual component price of the Silver package.

PLATINUM

Our Platinum Package is for those who need a large, deluxe site. The Platinum package includes:

- Twenty pages
- Twenty graphics
- Two e-mail forms
- Three audio and/or video files

You save 47% over the individual component price of the Gold package.

HOSTING PACKAGE OPTIONS

ALL PACKAGES

Our hosting packages all include an unlimited number of mailboxes; availability of MY SQL® or ACCESS® databases; e-mail forwarding; 24/7 technical support; full-service control panel; and the solid reliability of a Windows-based system resulting in 99.99% up time.

BRONZE WEB HOSTING

The Bronze package also includes:

- 100 GB space
- 1,000 GB Bandwidth
- Access to 5 databases¹

SILVER WEB HOSTING

The Silver package also includes:

- 200 GB space
- 2,000 GB Bandwidth

OTHER SERVICES

CONSULTING

We offer general web consulting services and maintenance of your website (whether we created it or it was made by someone else). Maintenance can be billed by-the-hour or on a monthly basis, depending upon what best suits your needs.

GRAPHIC DESIGN

We offer custom logo design and graphics creation. Logos can be created for you with services ranging from one revision to unlimited revisions, depending on your circumstances.

All of our graphic design is created exclusively for you and will belong to you. We will not retain the copyright, but pass it to you. You may use your graphics in any way you like. We will retain the right to use your graphic designs for advertising purposes only.

DIGITAL PHOTOGRAPHY

We can photograph your people, buildings, products, or events. Additionally, we can clean-up your photos or create panoramic designs. If you are located in the Billings area, we will be happy to come to your location, or find a suitable location for your photographs.

All photography prices include clean-up and conversion to a suitable digital format. All photographs are created exclusively for you and will belong to you. We will not retain the copyright, but pass it to you. You may use them in any way you like. We will retain the right to use your photographs for advertising purposes only.

WEB DEVELOPMENT

If you need some custom web features, we can certainly help. We provide creation of Flash® sites, movies, animation, and user interaction. If you need it, we can give you scripting and programming that adds pizzazz to your site and keeps your customers coming back. We can also help you with search engine optimization and even write your content for you, if you so desire! We can even create Access databases for you!

DOMAIN REGISTRATION

If you need to register your domain – or get a new one, we can help. We have access to Classic (.com, .info, .biz), International (such as .co.uk), and Premium (like .tv) domain extensions! Let us check it out for you and see if your domain is available.
